BURLEY CONVENTION OPPOSES TOBACCO CUT-OUT

The Burley Tobacco Growers' Association was born; a proposal to eliminate the 1921 crop defeated by a margin of five votes, each county represented by an authorized delegation having one vote, and steps taken toward a reduction of tobacco acreage in Kentucky, Indiana and Ohio, within a period of three hours in the general convention of burley planters, held in Lexington, Wednesday. One hundred and seventy-six delegates from thirty-nine counties and three States were present.

Perfection of the organization of the Growers' Association will be rushed in order that it will be ready to take control of the situation, which was declared to be "the most serious in history to the tobacco growers," by the time the loose leaf market season opens. A general organization committee was appointed and approved in the convention. Its members are:

John W. Newman, Woodford county, chairman.

E. M. Mansfield, Carroll county, secretary.

Victor Bradley, Scott county.

O. C. Chapman, Clermont county, Ohio.

David Prewitt, Clark county.

Martin L. Harris, Dearborn county, Indiana.

T. B. Hill, Montgomery county.

The counties not represented at the meeting, and which are this season producing burley tobacco in any considerable quantity, will be notified of the adjourned meeting and requested to send a representative to same.

Delegates present at the convention represented holdings totaling more than 41,987 acres of land. A census taken during the convention showed that 3,546 acres of this land was being used to grow tobacco.

FIRE CHIEFS CONVENTION

The second annual convention and meeting of the Kentucky Fire Chiefs' Association will be held in Louisville, September 15, 16 and 17. Business sessions will be held each morning in the council chamber at City Hall, giving all who desire a chance to attend the State Fair in the afternoon. An interesting program has been arranged. There will also be at the State Fair Grounds an exhibit of fire apparatus, devices and appliances, says a notice issued by W. A. Jesse, president, and Edward M. Hite, secretary.

LOSES VALUABLE HORSE

A valuable Percheron mare, one of a team owned by Jesse H. Martin, of near Hutchison, broke her left hind leg by stepping into a hole. The animal had to be killed to end her sufferings. Mr. Martin had refused an offer of \$600 for the team just a few days ago.

INSANE MAN AND OFFICERS HAVE EXCITING TROUBLE

James T. Ryles, a resident of the Centerville precinct, who has been adjudged insane Tuesday in Judge Batterton's court, and ordered sent to the Eastern Kentucky Hospital for the Insane, at Lexington, gave Chief of Police Link and a Hospital attendant an exciting time Tuesday night at the corner of Main and Sixth streets.

Ryles had been brought to Paris from his home near Centerville, where he had become so violent restraint was necessary. He was tried before a jury in the County Court and declared insane. An attendant from the Hospital came to Paris, Tuesday afternoon to take him to Lexington. As he appeared to be docile the attendant decided to walk to the Tenth street passenger station of the Louisville & Nashville. When they reached the corner of Main and Sixth, in front of the Farmers' and Traders' Bank, Ryles became unruly and stubbornly refused to go any further. Chief of Police Link happened to be passing at the time, and his assistance was asked by the attendant. Ryles seemed possessed of the strength of three men, and handled the officers as if they were children. The assistance of men in the vicinity was called, and five were required to hold Ryles until the handcuffs could be placed on him, and his feet shackled. When this was done, he was placed in Chief Link's machine, and taken to the station. Ryles has been an inmate of the Hospital on two other occasions, being released when there seemed to be a change for the better in his condition. The struggle between the officers and the insane man attracted a large crowd to the scene.

SOME HARD RAIN

The heaviest rain of the summer fell in this city yesterday, the deluge lasting from about noon until two o'clock. The sewers were taxed to their utmost and then some to carry off the surplus water. Crossings were impassable, cellars were flooded, and the rush of water from the side streets converted Main street into a small edition of Stoner Creek. Coming just after the noon lunch hour, the rain prevented many from reaching their work on time, being cut off by the high water.

THE EWING FAIR

The Ewing Fair began yesterday and will continue through Saturday. The Louisville & Nashville has made a round trip rate of \$1.65 to Ewing, war tax included, tickets good for return to reach Paris before midnight of August 22. The Ewing Fair has always drawn a large patronage from Paris and the county.

PAPERS ASKED HELP FIND MISSING BOY

THE NEWS, in common with other Kentucky papers, has been requested to assist in the search for Raymond Snoddy, fourteen-year-old boy, who has been missing from his home at Russell, Ky., for over a week. Fifty dollars reward for his return to his father, or to Elm Grove Lodge, No. 150, B. R. C. of A., at Russell, has been offered, and is now on deposit at the First National Bank in Russell.

The following description is given of the missing boy: Age 14; medium size; quite slender; weighs about eighty-five pounds; about 5 feet high; fair complexion; light hair; blue eyes; one broken front tooth and teeth prominent; has scar on back of head about three-quarters of an inch long about hat band; wore long striped overalls and light blue gingham shirt when he left home.

Any information in regard to the boy will be thankfully received by his father, Andrew Snoddy, R. F. D., Russell, Ky.; Elm Grove Lodge, No. 150, B. R. C. of A., Thomas Vallance, president, C. H. Williams, secretary.

NOTES OF THE LODGES.

All the candidates recently elected to membership in Rathbone Lodge K. of P. were present last night at the regular meeting, and were given "the right hand of fellowship."

The regular weekly meeting of the Pythian Sisters was held in their lodge room last night, with a good attendance. A considerable amount of important business was transacted.

Hon. G. Allison Holland, chairman of the State Committee which engaged in raising the \$1,000,000 fund for the rehabilitation of the Masonic Widows' and Orphans' Home in Louisville, has announced that the fund has reached \$800,000 and subscriptions are coming in rapidly, indicating that the entire amount is likely to be completed by the end of the year.

Hon. M. M. Logan, Past Grand Master of Kentucky Odd Fellows, and one of the most interesting speakers, will make the principal address, at the Odd Fellows Endowment Fund Drive, at the Paris Opera House, Sunday, August 29. Every Odd Fellow in Bourbon county is expected to be present at this meeting, to welcome the 140 children of the I. O. O. F. Orphan Home.

The entertainment is free, and it is expected that the usual big crowds, which have been attending these events in other cities will be duplicated here. This will be the first concert given by both musical organizations and the 140 children, the program comprising vocal and instrumental music recitations, etc. There are a number of very promising singers among the orphans. Remember the date, Sunday, August 29th.

The First and Second Degrees were conferred on the four candidates Monday night at the meeting of Bourbon Lodge I. O. O. F. After the ceremonies Noble Grand A. A. Pogue declared a recess, during which ices were served. Those not present missed a most enjoyable treat. There is "something doing" at Bourbon Lodge very often, and, of course, if you do not attend, you fail to get the benefit of the social features.

Representatives from all the Masonic lodges of Paris and the county attended the anniversary celebration given at Carlisle, Wednesday, by Daugherty Lodge of that city. Bourbon people say there never was in all their experience, such a spread given before. Each Mason registering in a book was presented with a bronze medal bearing an inscription commemorating the anniversary of the lodge. Chief of Police Fred Link, of the Paris lodge, met misfortune en route, when his machine broke down. Repairs were finally completed and the Chief and his party arrived on the grounds about two o'clock. Learning of their mishap, a committee of ladies saw to the material welfare of the party and gave them a chicken dinner that kept them busy for some time.

BUCK HEARD FROM?

The whereabouts of Buck Freeman, colored, formerly of Paris, where he had for many years conducted a barber shop, has been a mystery to many. He conducted a barber shop at Beattyville and Hazard after leaving Paris. At one time it was reported that Freeman had gotten into serious trouble in Beattyville. Since then nothing has been heard of him.

The Lexington Leader of Wednesday has the following: "Buck Freeman, colored barber at 197 North Limestone street, believes he is the champion amateur tomato grower of Lexington. He brought to The Leader office to-day a Ponderosa tomato weighing 1½ pounds, which was one of eight of the same size on one vine in his garden at 439 Ohio street."

PEG-O-MY HEART AT CYNTHIANA

Miss Irene Bramblette, of Paris, will give a reading of "Peg-O-My Heart" in the Methodist church, in Cynthiana, Tuesday, for benefit of the Epworth League. Miss Bramblette's rendition of the leading role in this same play at the Paris High School some time ago, was a pronounced success.

YOUTHS WRECK STOLEN AUTO NEAR MILLERSBURG

Four Lexington youths, two white and two colored, their ages ranging from nine to fourteen, were arrested by county officials near Millersburg, after a machine they were driving, had been ditched on the roadside. The boys admitted having taken the machine from Walnut street, in Lexington, and were on their way to Marysville, on a sightseeing tour. Striking a rut in the road they lost control of the machine, which swerved from the road, and tumbled into a ditch by the side of the road. They were found by officers who had been tracing the machine, sitting on the running board, in tears and debating as to the best way to get back home. Each tried to outdo the other in telling how the accident had happened. They were brought to Paris, where they were held until Detective Maloney, of the Lexington police department, came here and took them back to Lexington.

The stolen machine belonged to J. T. Wells, of Winchester, who had been in Lexington on business and left the machine parked on Walnut street. The white boys, who gave their names as Richard Cecil and Richard Mead, and the colored boys named Clifford Bradshaw and John Doty, will be given a hearing in the County Court before Judge Bullock, to-day. Mr. Wells stated that he would not prosecute the boys if the value of his machine, which he declared was wrecked, was made good to him.

MASONS CELEBRATE LODGE ANNIVERSARY AT CARLISLE

Daugherty Lodge No. 65, F. & A. M., of Carlisle, celebrated its one hundredth anniversary Wednesday with an old-fashioned basket picnic in Mathers' woods, near Carlisle. More than 5,000 persons attended the celebration.

The procession formed at the lodge hall and marched to the picnic grounds. The music was furnished by the Maysville Boys' Band, which is under the management of J. Barbour Russell. The invocation was by the Rev. Mr. Bolton, of Carlisle. The address was delivered by Judge L. B. Ross, of Carlisle. Past Grand Master Dave Jackson, of Louisville, responded to the address of welcome. Grand Master Henry McElroy, of Lebanon, spoke on the Grand Masonic Lodge of Kentucky.

Mrs. Lula Lee Bates, Grand Matron of the Order of the Eastern Star, spoke on the Eastern Star Lodge in Kentucky. Hon. Charles N. Smith, of Danville, "Old Masons' Home," "Educational Work of the Grand Lodge" was discussed by S. P. Browning, of Maysville, Deputy Grand Commander.

Past Grand High Priest G. Allison Holland, of Lexington, spoke on "The Widows' and Orphans' Home."

COUNTY COURT NEWS.

In the County Court yesterday Judge George Batterton heard the case of Mrs. George Cooper, white, charged with cutting a colored woman named Willie Montague, the parties both residing on Second street extension, near the city limits. The women became involved in a dispute over their children throwing rocks, when Mrs. Cooper, it was alleged, cut the colored woman with a knife, inflicting a deep gash four inches long, in the fleshy part of the right thigh. The Montague woman was also presented before the Judge on a charge of using abusive language and throwing rocks. The cases were tried jointly. After hearing the testimony Judge Batterton stated that the evidence showed the Montague woman had perjured herself in her testimony, and accordingly dismissed both warrants, after giving the principals a severe reprimand.

BASE BALL GAMES

The third and deciding game in the series between the Newtown and Centerville base ball teams will be played Sunday afternoon on the Newtown grounds. Centerville defeated the Newtown team Sunday at Centerville 12 to 2. In the second game of the series, Newtown winning the initial game.

The Paris Quicksteps will play Sunday afternoon at Dodge Park, near the Eastern Ford bridge on Second street, their opponents being the Clintonville team. The Quicksteps were defeated by the North Middletown team in a double-header last Sunday, but hope to recover ground Sunday. The batteries will be: Paris—Reed and Johnson; Clintonville—Brown and Green. Game called at three o'clock. At Thompson's Park, in North Middletown, Sunday afternoon, the North Middletown team will play the Cynthiana All-Stars. Game called at 2:30 o'clock.

RED CROSS MAGAZINE TO DISCONTINUE

The famine price of white paper has forced the American Red Cross to discontinue publication of the Red Cross magazine, an announcement made said.

"Further publication would involve either considerable increase in the publication price or a subsidy from the general funds of the society, which seems either course inexpedient."

The October number will be the last issued.

SKINNER, ALLEGED FORGER, RETURNED TO CINCINNATI

Whether or not there is anything in a name will be developed in Cincinnati when the case of J. B. Skinner, lately of Paris, is brought up for a hearing. Skinner was arrested here some days ago by Chief of Police Link on telegraphic information from Cincinnati, which stated that Skinner was wanted there for passing an alleged forged check on the Kresge Five-and-Ten-Cent Store. At the time of his arrest he was in the employ of the Mason & Hanger Construction Co., at Xalapa Farm, near Paris, in a clerical capacity.

A detective from the Cincinnati police department came to Paris, Tuesday afternoon, with requisition papers from Gov. Cox, of Ohio, and returned to Cincinnati with Skinner as a prisoner. Skinner's father was also in Paris investigating the circumstances of his son's arrest.

FIRE DESTROYS WINCHESTER OIL PLANT.

Fire believed to have originated from sparks from a passing locomotive destroyed the plant of the Eureka Tool and Oil Well Supply Company, at Winchester, Tuesday morning. The loss is estimated at \$30,000, partially covered by insurance. The fire had gained good headway before the alarm was turned in, but the fire department did excellent work in subduing the flames. The stock consisted of used machinery from one to five years old, and in good condition. The plant was located on the L. and E. railroad and Hill street. There was no night watchman.

BIG PRICE REFUSED FOR TOBACCO CROP.

John F. Wigglesworth, who resides on the farm of Clarence and Frazier Lebus, near Escondido, has refused an offer of fifty cents a pound for his growing crop of tobacco. The offer was made by Leo Kern, of Bourbon county. Mr. Wigglesworth believes he can get the top price when the Paris markets open up.

ATTENTION, BUILDERS! If you don't do it now you may regret it.

Carpenters are scarce and the lumber supply is far below the demand.

REPUBLICAN COUNTY COMMITTEE HOLDS MEETING.

The Bourbon Republican Committee held a meeting in the court house, in this city yesterday, presided over by Chairman W. A. Thomason, of North Middletown. Chairman Thomason, after stating the object of the meeting, relinquished the chair to J. W. Bacon, and John M. Stuart was elected secretary.

The committee decided to open Republican campaign headquarters in Paris, with an active secretary in charge. George W. Stuart was chosen campaign chairman, and Mr. W. A. Thomason appointed a committee to select a campaign secretary. Miss Clara Bacon, of Paris, was elected as campaign chairman to organize the Republican women of the county, which she accepted, and will assume the duties at once. The colored women of the county are to be organized by precincts with one of their number as chairmen. Several speeches were made, indicating a spirit of enthusiasm. An effective campaign organization is to be effected in each of the twenty precincts in the county.

BOURBON COUNTY SUNDAY SCHOOL CONVENTION

Rev. R. H. Ellett, of Clintonville, president of the Bourbon County Sunday School Association of the Christian church, presided at the annual convention of the organization, held in North Middletown, at which delegations from seven churches were present. Addresses were made by Rev. W. E. Ellis, pastor of the Paris Christian church, State Secretary Linn Cortright, of Louisville, Revs. J. H. McNeill, of Winchester, and Ward Russell, of Little Rock. The meeting opened with devotional services led by John W. Jones, of North Middletown, followed by a song service and music by the choir of the North Middletown Christian church. A basket dinner was served by the women of the North Middletown church. Little Rock was decided upon as the place of meeting for the 1921 convention.

BURGLARS BUSY.

Burglars endeavored to effect an entrance to the Brooks & Snapp Drug Co.'s store, on Main street, Wednesday night. Holes were bored around the lock on the front door, and an attempt made to throw the bolt, but the burglars were evidently frightened away before they succeeded.

Ohio has her third Presidential candidate. We are almost beginning to fear that the Ohio corn crop will be short for lack of hands.

LABOR BUREAU PREDICTS DROP IN PRICES.

WASHINGTON, Aug. 19.—The Federal Bureau of Labor Statistics believes there will be a decline in retail prices of food this coming fall. In forecast the bureau says that wholesale prices dropped an average of slightly more than 1 percent in the last thirty days. Meats, fish and vegetables now are stored in quantities far greater than one year ago.

Bumper crops of wheat and other cereals are in prospect—in fact, are partly harvested in the Southwest, and farm labor is plentiful except in a few sections.

Luxury tax receipts are falling off, showing the stampede has stopped at stores selling luxuries, including automobiles, diamonds and extravagant clothing. Reduction in luxury buying is a certain indication, government officials say, that the nation alwafe of extravagance has passed.

An end of luxury buying means "exit the profiteers," officials say. Candy merchants all over the United States are complaining of a dropping off of business. The sale is classed as "good," indicating that the public is consuming much candy, but not so much as formerly.

Candy merchants were preparing for a big summer and winter business. They bought heavily of sugar at inflated prices. Now many are petitioning the Department of Justice for licenses to sell sugar, which they declare they have in unnecessary quantities.

"We are glad to issue these licenses," said Assistant Attorney General Figg. "Sales of surplus sugar by candy dealers should tend to reduce prices."

Big reductions have been forced in wholesale prices of materials like cotton, crude rubber, leather and steel. Although these do not affect directly the average consumer, they nevertheless have an effect on general commodity prices, officials say. Prices of crude rubber and leather recently reached pre-war levels.

ROOSEVELT ADDRESSES NORTH DAKOTA DEMOCRATS

FARGO, N. D., Aug. 19.—In his first address in North Dakota, Franklin D. Roosevelt, Democratic "seek a solution of the problems candidate for Vice President," said here Monday that the Democratic party if victorious pledges itself to "seek a solution of the problems that will serve the best interests of the producer and the great consuming public."

"I am particularly glad to read that the 'porch' campaign of the Republicans is breaking down," Mr. Roosevelt said, "and that Senator Harding has now condescended to make five whole speeches away from home."

"The theory of the Democratic campaign is, of course, just the contrary. Our candidates are trying not merely to carry the campaign to the country, but to find out what the country is thinking."

"This difference in attitude of mind extends to the way in which the leaders of the two parties handle all public questions. The Democratic theory is that big national problems ought to be settled from a national point of view, and ought not to be undertaken by a mere gathering in Washington of half a dozen old line leaders who do not know the country and who represent the kind of things that Penrose, of Pennsylvania, Lodge, of Massachusetts, Root, of New York, and others of that group advocate, who were in control of the Chicago convention, and who would be in control of your government if a Republican President is elected."

"For instance, you people out here have long been concerned with the problem of food production and marketing. You appreciate, I hope, the danger of the control of this question by men who are friends of the packers, by friends of big bankers and by friends of the Eastern middlemen. A solution by them will bring you back to conditions of ten or fifteen years ago."

"The Democratic party is controlled by no such gang. If elected, we pledge ourselves to seek a solution of the problems that will serve the best interests of the producers, and the great consuming public, and two after all who are vitally concerned."

"There is no question that the farmer does not get to-day what he ought to get, and there is no question, also, that the consumer pays too much. Somewhere in between the two are steps which must be eliminated — our transportation problems, marketing problems and warehouse problems."

"Are you going to trust a leadership of reaction, or are you going to trust what is to-day the party of progress? I would not be a Democrat unless I was sure that progress in this year of 1920 is spelt Democracy."

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

for beverage purposes," it became
known when Mr. Lightfoot, with
other officials of the People's Drug
Company appeared in the local
court.

It is understood that the warrant
was issued when it was learned that
a local man had purchased a quart
of witch hazel at the People's Drug
Store, which he was using as an in-
toxicant.

So far as is known, this is the first
warrant issued in the Maysville
courts for the sale of witch hazel
as a beverage and the final out-
come of the matter will be watched
with keen interest.

The late war also ought to have
a depressing effect on the ambition
of rich young Americans to marry
into the European nobility.

The foreign-born must not be the
foreign thinking.

PREMIER OUTLINES ATTITUDE OF ADMINISTRATION

LONDON, Aug. 19.—"An at-
tempt of labor to dictate to the Gov-
ernment would be a challenge and
would be resisted by every means
at the disposal of the Government."

Facing the House of Commons
for the last time until October 19,
unless the unforeseen should occur,
Premier David Lloyd George out-
lined the attitude of the British ad-
ministration as in the above state-
ment.

His pronouncement on labor was
greeted with cheers.

"The attitude of the Labor Coun-
cil of Action," said the Premier, "is
the same as the attitude of the Gov-
ernment, but if labor attempted to
dictate to the Government by indus-
trial action it would strike at the
root of the constitution and the dic-
tation would be resisted by all
means in the power of the Govern-
ment."

The Labor Council of Action is a
group of representatives of practi-
cally all of the larger unions. The
meeting which formed the council
empowered it to call a general strike
if, in the council's judgment, such
a measure were necessary to pre-
vent Great Britain declaring war on
Russia.

"The Council of Action," the Pre-
mier continued, "constitutes in it-
self one of the most formidable
challenges that has been given to
democracy and the Government must
meet the challenge."

"Such acts as labor contemplates
were the genesis of the French
Revolution. They arouse fear in
the public and then when the crash
comes the public has lost its capac-
ity for real thought."

J. R. Clines, labor member, speak-
ing for labor, demanded of the Pre-
mier that Winston Churchill, Sec-
retary of War, be dismissed from
the Cabinet for his warlike attitude
toward Russia.

The Premier's pronouncement
relative to General Wrangel defi-
nitely places Great Britain apart
from the anti-Bolshevik movement
the General is leading.

"The Government," he said, "had
made clear to General Wrangel that
if he took military steps after a
given date he would be proceeding
on his own responsibility in so far
as the British Government is con-
cerned. He has taken those steps."

Following the Premier's speech,
Andrew Law moved that the House
recess until October, with the Pre-
mier empowered to summon it at an
earlier date in the event of neces-
sity.

He declared that the contingent
requiring an earlier meeting would
be the sincere offering of peace
terms by Russia.

"In that event," he concluded,
"the Government would take steps
to defend Poland."

Mr. Bondi Law's motion was
adopted.

EXPLOSION SHAKES GROUND FOR MILES.

ABERDEEN, MD., Aug. 19.—Ex-
plosions of 500,000 pounds of gun-
powder on the government proving
grounds shook the country for
miles around.

The explosions were caused by a
fire that destroyed five one-story
buildings on the main front of the
proving grounds. One laborer, of
fifty who ran for their lives when the
flames neared the powder storage
plants, is missing.

Firemen prevented the flames
reaching the general ammunition
building.

SPANISH WOMEN WORKERS

Spanish women certainly cannot
be regarded as the "weaker sex,"
for in many of the Spanish ports
they coal the ships. Bringing the
coal alongside in barges, they load it
into buckets that hold one hundred
and twenty pounds apiece and,
walking barefooted up the gang-
plank, carry the buckets on their
heads. A man bosses the job, but
the women do all the physical work.

recommending Dr. Pierce's Favorite

sonal friends for several

instance that I have known women to
take Dr. Pierce's Favorite Prescription
for feminine weakness, or if in
need of a special tonic during expecta-

utmost satisfaction. It is a woman's
medicine that can be depended upon
to relieve nervous conditions, besides
building up and strengthening the
entire womanly organism. I shall
always praise Dr. Pierce's Favorite
Prescription most highly."—MRS.

Favorite Pres-
cription should have
the full confidence of every woman in
America because it contains no alco-
hol and no narcotic. Doctor Pierce
knew, when he first made this standard
medicine, that whisky and morphine
were injurious, and so he has always
kept them out of his remedies. Dr.
Pierce's Favorite Prescription can be
procured in all drug stores in either

Bourbon County Road Commissioners' Report

TO THE CITIZENS AND TAXPAYERS OF BOURBON COUNTY:

Your Road Commissioners, who volunteered to superintend the repair and reconstruction of the Turnpikes in Bourbon County and to expend the money arising from the Five Hundred Thousand Dollars Bond Issue and other sources, think it advisable at this time to make a report of what has been done and what we expect to do in the future.

REPORT OF EXPENDITURES:

Motor transportations	26,993.61
Quarries (22592 tons) \$1.50.8	34,067.85
Mr. John Cain, 3384 tons, at 2.25	7,512.17
Bridges and culverts (stone and transportation not included)	26,848.76
New and reconstruction (stone and transportation not included)	13,189.75
Repairs and maintenance (stone and transportation not included)	8,176.97
Ditching	20,420.00

Total expenditures on Roads	\$137,199.11
Real estate and improvements including garage and quarry and building on Cane Ridge pike, warehouse opposite Passenger Depot	\$16,436.10
Live stock, 44 mules	15,857.00
Machinery and Equipment	74,886.57

Total Real Estate, Stock and Equipment \$107,179.67
Less \$15,000.00 for 6 months depreciation charged into Road expense above \$15,000.00.

Balance Real Estate, Stock and Equipment \$92,179.27
Total Expenditures to August 1, 1920 \$229,378.38

The following roads have been rebuilt or reconstructed:

Bethlehem	2 1/2 miles
Jacktown	3 miles
Cynthiana	2 miles
Clay and Kiser and Peacock	6 miles
Thatcher's Mill	2 1/2 miles
Maysville Pike	6 miles

In addition a great deal of stone has been distributed for repair work on various pikes.

The following roads have been ditched:

Bethlehem	2 1/2 miles
Hume & Bedford	.5 miles
Peacock, Clay & Kiser	.8 miles
Thatcher's Mill	1.0 miles
North Middletown & Cane Ridge	.5 miles
Stringtown	.2 miles
Paris & Flat Rock	.7 miles
Kiser Station & Shawhan	1 1/2 miles
Mt. Carmel	.2 miles

A great deal of bridge and culvert work made necessary by the washouts in the spring has been done, including two very expensive bridges, one over Harrods Creek on North Middletown Pike, and one in the Flat Rock precinct over Brush Creek, which is nearing completion.

While these expenditures may appear to be large, we direct attention to the fact that when we advertised for bids to reconstruct 9 1/2 miles of the Flat Rock road the lowest bid we received was \$235,000.00. We rejected this bid and we are now undertaking to repair this road by force account, one-half of which will be paid by the State.

We believe that the road work should be continued during the remainder of the season, as there are roads in the county now in such condition that they will become impassable next winter, and the cost of repairing or rebuilding them will be very much more next year than it will be at this time. We already have the machinery to do this work and the labor is available and all that is now needed is the money to pay the expenses.

The roads which have not been repaired are constantly getting worse and it will take more labor and material to repair them next year than it will this year and we think that the increased amount of labor and material will more than offset any possible decrease in the cost of labor. We could not buy the machinery now for what we paid for it.

When you voted the bond issue you expected that the bonds could be sold at once and that this work could go on without interruption. Sudden and unexpected changes in the money markets have made it impossible to sell these bonds at par and the law prohibits us from selling them below par; therefore, we cannot sell these bonds on the market at this time. Private citizens have already subscribed for Seventy-five Thousand Dollars worth of these bonds at par.

In order to carry on this work for the remainder of the year it will be necessary to sell at least Seventy-five Thousand Dollars worth more of these bonds, which cannot be sold on the market for the reason stated above, and therefore must be sold to private citizens.

If the taxpayers of the county want us to continue in this work they must buy the bonds so that we may continue it; if they do not buy the bonds at this time we must stop the work and permit the roads to go without repair until such time as the bonds may be sold on the market at par. No one can foretell when that time will come and the loss you will suffer by the increased cost of repairing these roads will more than offset the small loss of income which you may suffer in the purchase of these bonds.

Under the Road Law passed by the last Legislature about fifty miles of the road in this county are primary Roads and when they are once put in the condition required by the State Road Commission, the State will take those roads over and keep them in repair without further cost to this county.

These are some of the roads that have been very expensive to the county and we think it very important that we should put these roads in the condition demanded by the State so that the State will take control of them at once.

The Primary Roads are:	
Paris & North Middletown	12 miles
Maysville & Lexington	18 miles
Paris & Cynthiana	8 miles
Paris & Winchester	10 miles

Of these that portion of the Maysville & Lexington pike from Paris to the Fayette county line, the Paris & North Middletown pike and the Paris & Cynthiana pike are in such good condition now that very little expense will be required to put them in the condition demanded by the State, and the Commissioners are desirous of completing these roads this year so as to turn them over to the State, thus relieving the county of any further maintenance charges.

The Winchester pike and the Maysville and Lexington pike from Paris to the Nicholas county line will have to be practically reconstructed and we hope to be able to make such arrangements with the State Road Commission as to enable us to turn these two roads over to the State to be reconstructed by the State.

While we have made large investments in road machinery and rock quarries all of these will be needed to carry out the road building plan which we have adopted and while the initial cost appears large, we think it will appear to be a good investment when the entire plan is carried out.

We advise that a meeting of the citizens interested in this work be called at the earliest possible date so that the question of the sale of these bonds be determined.

We are willing to continue the work but it cannot be done without money and the money can only be raised by the sale of these bonds to private citizens.

Respectfully Submitted,

SAM CLAY,
SAM HOUSTON,
JOHN T. COLLINS,
CATESBY SPEARS.

At a meeting of the citizens interested in this work, I was selected as Chairman to organize our forces in the county for the purpose of selling \$75,000.00 more of these bonds.

A meeting of those interested in continuing this work will be held at the Court House in Paris, Kentucky, on Saturday afternoon, August 21, 1920, at three o'clock.

If you want good roads and are willing to help our Commissioners carry on this work, you will attend this meeting.

J. M. CALDWELL, Chairman.

EDITORIAL FLINGS AT THIS, THAT 'N TOTHER

A Main street philosopher says if nobody works more than eight hours a day a large part of the American people will go to bed hungry. Huh, they won't even have a bed to go to.

Bob Porter says he hates like thunder to see a first-class printer wasted on the Presidency when the great need for good men in that class is so apparent in the newspaper and job offices of the country.

Having finally developed a safe and sane Fourth of July and other safe and sane things what is now needed is a safe and sane Sunday with fool-proof automobiles, and automobiles that cannot be driven by reckless drivers and children.

They are now using phonographs to teach parrots to talk. But no one needs to use a phonograph to teach some Paris women to talk—especially at the movies, where they spend delightful moments in regaling those in their vicinity with all the latest gossip.

Railroad workers complain that their advance in wages is being wiped out by profiteering landlords who raise the rents almost to the extent of the wage increase. What's to be done? Give another increase of \$600,000,000, or rescind the late increase to get cheaper rents?

With August rapidly passing and September fast approaching the school children of Paris are beginning to lament the very short summer days and the coming of school days. To their minds the summer seems but a few days long and the school term almost an infinity. 'Twas ever thus, etc.

"There's a very nifty bunch around Paris," said a local clothes cleaner Tuesday, when asked about his business. He stated that he had customers who were as regular as the rising sun, who would not think of wearing clothes until they had been properly pressed. "And, you know," he said, "I am in the business to smooth out the wrinkles."

Two Paris men in a local barber shop the other day were discussing politics and the acceptance speeches of the candidates for the Presidency. At the conclusion of a long dissertation, one of them, a well-known Paris bachelor, wound up by saying: "Speaking of acceptance speeches, if they ever nominate a woman for the Presidency, newspapers will have to publish her speech in serial form."

When it comes to the matter of a good appetite a certain city official of Paris is said to be greatly blessed. It is related that this official attended the banquet given by the Masonic fraternity of Paris, Tuesday night, and that, in addition to other things good to eat, he ate sixteen hot rolls, and looked hungrily around at the plates of his neighbors, as if to say, "You're wasting time there. Let a feller that knows how to eat have those rolls."

Another complaint from Grand Opera House patrons: The conduct of some occupants of the gallery is at times such as to call forth the condemnation and protests of others in the house. The colored people seem to think the most serious scenes on the screen the best opportunity for applause, though the humor isn't apparent to others. Miss Rea Nye, the palmist, had considerable difficulty in getting a hearing Tuesday night because of the noise in the gallery. A little more consideration, please!

A country woman drove her horse and buggy to a nice position the other day in front of the Sweet Shop and left it there several hours. Clyde Keller called Patrolman Hill, and asked if the same restriction that applied to parking automobiles could be applied in this case. The officer made out a time card and placed it in the buggy. When the woman came up to get her buggy she saw the card, and, accepting the situation in its humorous light, made profuse apologies to Mr. Keller, and promised not to violate the parking regulations again.

ALLEGED FORGER JAILED

Sheriff W. G. McClintock arrested Clell Richardson, colored, and placed him in the Paris jail, on a warrant charging him with forgery. Richardson is alleged to have forged the name of Soper & Clark, to a check drawn on the First National Bank, for \$15. The alleged forgery was well-executed, but certain suspicious marks about it caused his arrest.

Richardson was given a hearing before Judge Batterson, in the County Court yesterday morning. The evidence proving conclusive, Judge Batterson held the prisoner in \$100 bond to appear before the grand jury at the next term of the Bourbon Circuit Court. Richardson furnished bond and was released from custody.

AEROPLANE VISITS PARIS

A big Curtiss biplane, piloted by two young aviators from Troy, O., visited Paris, Wednesday and yesterday, circling over the city several times, and making a landing on the McClintock lot on the Winchester pike. The aviators are making a tour of Kentucky, taking passengers on flights through the air for \$15 a trip. They were in Millersburg, Tuesday afternoon, returning here Tuesday night.

The visits of aircraft to Paris have not been so frequent as to wear off the novelty, and hundreds of people, attracted by the purring of the big Liberty motors, craned their necks to get a good look at the aerial visitors. The machine will visit the colored fair in progress at Lexington, and the Ewing fair, at Ewing, and will be here Sunday, to accommodate passengers who wish to go "up in the air."

Richness of the Sea.

Every ton of water contains one grain of gold. There are over four thousand million tons of water in a cubic mile, and the oceans are estimated to contain three hundred million cubic miles of water. Thus it is easy to reckon the amount of gold in the sea. It is about 90,000,000 tons.

STATE DEPARTMENT STEPS TO AID POLAND

WASHINGTON, Aug. 19. — The State Department took its first step in aid of Poland under the Colby note Monday, when it ordered the Navy Department to dispatch three warships to the Baltic.

Josephus Daniels, Secretary, immediately announced that he had directed the cruiser Pittsburgh and two destroyers now at Cherbourg, France, to start at once.

It is understood these vessels will rendezvous off Danzig with the British and French squadrons.

The American commander is expected officially to act independently.

The only explanation of this spectacular move given by the Government is "that an American squadron will observe conditions in Poland."

It was pointed out by officials that the dispatch of warships was the most drastic step the President could take without consent of Congress.

The Executive is empowered to call upon the navy and to land marines whenever American interests are imperiled.

Both army and navy officials declared that the fall of Warsaw would be followed by an advance of a Soviet army up the Polish corridor for the purpose of seizing Danzig.

If Danzig is taken by the Soviet, American, French and British marines undoubtedly will be landed, it is said, as each of those nations will be obliged to protect their nations.

ITALIAN FRUIT SELLER LEAVES BIG FORTUNE

NEW YORK, Aug. 19.—Mrs. Domenica Zazzali who was buried from her Newark tenement recently, left an estate of \$185,000—the proceeds of a little fruit stand she kept thirty years at Broadway and Market Streets. She leaves two grown sons, who will share the estate.

Mrs. Zazzali's stand was known to thousands of New Yorkers. It was at Molzhauser's drug store in the business heart of the city. In all weather "Mother," as she was called, was at her stand.

When her husband died, seventeen years ago, they had a little property, but since then Mrs. Zazzali acquired more by gradual stages until she had several tenements. All were of the type in which \$8 and \$9 was the average monthly rental.

In all her seventeen years as a landlady Mrs. Zazzali raised the rent once—\$1 a year ago.

It is estimated by her relatives that she gave away \$15,000, practically all in uncollected rentals. Any tenant would be relieved of paying rent by misfortune, such as illness or death in the family or the loss of a job. It is said few of her tenants cheated. Her charitable nature was too well known through the Italian colony for any one to attempt it.

PAINTER AFRAID TO CLIMB LADDER

After Trying Everything His Wife Gets Tanlac—Gains Fourteen Pounds.

"After the way Tanlac relieved my wife of rheumatism, I decided to try it for my own troubles, and the results with me have been fully as remarkable as in the case of my wife," said Joseph B. Batting, the well-known contracting painter living at 244 Bouquet avenue, Youngstown, Ohio.

"I had been in very bad health for about two years. My stomach was so upset that I couldn't eat a thing without suffering terribly afterwards, and in fact, I lost all desire to eat. My nerves got so bad that I was afraid to climb a ladder and I hardly had strength enough to lift a paint bucket. I often had to quit work and go home and lie down, and for the three weeks before I started on Tanlac I hadn't been able to do a stroke of work."

"As all the other medicines that I had taken failed to do any good, I decided to try the medicine that had been such a blessing to my wife, and being too weak to fetch it myself she went down town and bought a bottle."

"I only wish I had taken it long before I did, for it would have saved me untold misery and a pile of money, too. Why, the very first bottle seemed to settle my stomach and to give me a new appetite, and now after taking five bottles I am like a brand new man."

"I have a tremendous appetite and never have any trouble with my stomach. I have already gained fourteen pounds in weight and am so much stronger that I can do as much work as any man on the job. Both my wife and I feel ten years younger since Tanlac has gotten rid of our troubles and we think there is no medicine in the world like it."

"We will be glad to tell anyone, either personally or by letter, about the way Tanlac has helped us, and we strongly recommend it to all who may be suffering as we did."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

This is the first record of the arrival of goods from Germany at this port since the war the Consul said.

GIRL BOOKKEEPER HELD UP BANDITS

PHILADELPHIA, Aug. 19.—Held up by two armed bandits, Pauline Ruvinsky, 22-year-old bookkeeper, fought desperately to retain possession of an envelope containing \$1,500 of her employers' payroll money

which she had just drawn from bank. She was thrown to the street and the money wrested from her hands. Hundreds of pedestrians stood by.

The bandits jumped into a stolen motor car and dashed through crowded street, closely pursued.

They crashed into an elevated railway pillar, wrecking the machine. They got away but the money was recovered.

IS THIS YOUR EXPERIENCE?

Many Paris People Are Afflicted With Annoying Kidney Ills.

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Paris people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

Charles Stewart, tinsmith, Lilles-ton avenue, Paris, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst. There was a constant, dull ache in my back all the time and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies with no good results. I heard of Doan's Kidney Pills and procured them from the Ardery Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight. Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

SOVIET RUSSIA WON'T PAY RUSSIA'S FRENCH DEBT

BERLIN, Aug. 19.—Soviet Russia will not pay the 30,000,000,000-francs debt Czaristic Russia owed to France.

Soviet Russia is ready to make public amends to Germany for the murder of Count Mirbach, German Ambassador to Moscow, in 1913.

There is no secret treaty between Germany and Russia.

The authority for the above statements is Wigdor Kopp, Soviet Ennisary to Berlin, who has returned here from a visit to Moscow with greatly enlarged powers.

In an interview he characterized President Wilson's note relative to Soviet Russia and issued from Washington a few days ago as "a deteriorated edition of the 14 points."

"The father of the 14 points," he continued, "who strikingly has shown to the world what a contradiction there can be between words and deeds, is just the man to reproach us for what he declares to be a contradiction between words and acts."

He expressed doubt as to whether or not the greater part of the American public was in accord with the President's note "mixing in other people's business."

"Despite all its many moral phrases," he continued, "it seems to us that the present Administration is the most reactionary Government the American public has had in decades, and the French Government seems to be the most stupid."

"One thing is certain," he said, discussing the proposed peace with Poland, "The French can stand on their heads and the English do what they please, but it will not dissuade us from disarming imperialistic Poland so that Poland will not attack us again."

"After the sacrifices we have made to defend ourselves, disarmament is a duty we owe to the Russian public. Eastern ethnographic lines of Poland will be respected. What is to be done with the western boundary remains to be seen."

"France simply is forcing us to conduct another war against General Wrangel, and there can be no doubt about his fate. It will be the same as that of Yudenitch and Denikine."

"The question of Russia's debt to France can be regarded as settled. It cannot come up for consideration again. The action of France relieves the Soviet Government from assuming the debt."

"The persistent reports that there is a secret agreement between Soviet Russia and Germany can be ascribed only to the French as a means of veiling their intentions to seize additional German territory."

"The French are actuated by primitive instincts and are seeking to construe a cause which they think would justify them in marching into the Ruhr and taking it from Germany."

"The Soviet Government is arranging to make amends to Germany for the murder of Count Mirbach. Mirbach was not the victim of the Soviet Government, but of a counter revolutionary government. More than 200 persons were executed for participating in the attempted coup."

It is said that the matter of amends has been taken up with the Foreign Office. What its form is to be has not been determined. It may be the firing of a formal salute or the placing of a wreath upon the Ambassadors' grave.

GOVERNMENT EXPENDITURES TO JUMP IN SEPTEMBER

WASHINGTON, Aug. 19 — Government expenditures during September probably will take a jump of nearly \$900,000,000, it was estimated by Treasury officials, nearly two-thirds of this sum representing straight-out payments of the railroads.

The roads will have computed the amounts due them under the Government's guarantee against loss for the six months ending September by the middle of the month, it was said. The Interstate Commerce Commission has estimated that the total guarantee which will have to be paid will run between \$500,000,000 and \$600,000,000.

A Prescription Merely Helps Nature to Get Started Again ::::

Yes, we know there are people who claim that such and such "cure" them—but it didn't. Nature effected the "cure" herself—nature aided and perhaps whipped up to extra effort by a prescription. But the prescription must first be ordered by a doctor who has gone into your case, who has determined upon your actual personal needs; who finds out in just what particular way nature has fallen down, and who knows what is needed.

Then we, as druggists, follow his orders exactly and thus furnish the help to nature. Again we say, see your doctor, then see us.
